

REQUEST FOR INFORMATION (RFI) NO. 120074DC AMENDMENT 2 CONTACT: Bernadette Hill

THIS RFI IS AMENDED AS FOLLOWS:

RFI NO. 120074DC – Adult Inmate Management System (AIMS)

Questions submitted by Vendors on December 21, and December 22, 2011

Question: Page 13, Section 11 Classification / Scheduling: Please clarify the requirement that asks for "a graphical depiction of inmate cluster with custody and classification."

Answer: An example of " a graphical depiction of inmate cluster with custody and classification" means the software system displays the inmates' custody and classification as legends on to the Arizona State Prison Complexes (ASPC) icons/images on a computer screen. Upon the click of an ASPC's image/icon, a drill down would display the Units within the complex displaying a legend with counts of Inmates and their custody and classification, which could be further drilled down if needed.

Question: We respectfully request that the deadline for receipt of RFI responses be extended to January 27th.

Answer: The RFI due date remains January 6, 2012.

ALL OTHER PROVISIONS OF THE RFI SHALL REMAIN IN THEIR ENTIRETY

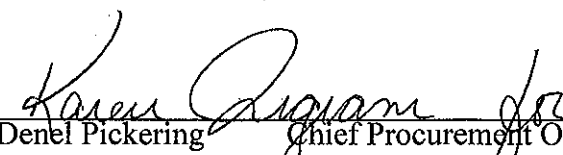

Vendor hereby acknowledges receipt and understanding of above amendment.

The above referenced Amendment is hereby executed this 23rd day of December, 2011 at Phoenix, Arizona.
